EXPERIENCE

Second Act, LLC Location — Social Media Guru

February 2018- PRESENT

I earned my wings and love being able to help get relevant and engaging content for our readers as they make their way back into the workplace from retirement.

Spideyway, Remote — Spider Trapper

May 2016 - PRESENT

An owl has to eat! I've become very good at trapping spiders and insects to share with my owl friends and help the community of owls I live with thrive and grow through nourishment. Bon Appétit!

EDUCATION

Purdue, Indiana — Social Media Management

Aug 2014 - April 2017

I earned my wings and love being able to help get relevant and engaging content for our readers as they make their way back into the workplace from retirement. I am a well-rounded owl.

PROJECTS

Second Act — Web Design & Social Media

I've been flying all over to gather content and resources for our website and social media platforms. They all go to help our seniors and retirees with their decision to start a second act and get back into meaningful employment with an employer that wants and needs their skills. It has been a rewarding journey and I look forward to the growth and experience it has given me. The future looks bright.

SKILLS

Great listener

Very wise
